

COSMETIC SURGICAL ART CENTER
NEW POLICY EFFECTIVE IMMEDIATELY

To all New and Prior Patients:

PRESCRIPTION REFILL POLICY: Unless Dr. Marouk is treating you for a particular diagnosis we are unable to refill ANY prescription that was not originally given by our physician. You must contact your original Physician that prescribed the medication and make the request with that Physician.

Please do not request Cosmetic Surgical Art Center to do this “just this once”. There are guidelines with the Medical Board that we need to follow to ensure that you the patient are receiving the proper care you deserve.

ADDITIONAL NOTE:

ADIPEX-P CHARGE NOTICE: All prior patients or new patients requesting to be evaluated for the purpose of being placed on a Weight Loss Prescription Program will have a charge of \$250.00 for this three (3) month program. This is for the monitoring of your Weight Loss Program. This program can only be followed for three (3) months in accordance with manufacturer recommendation. Program cannot be repeated for eight to ten months following completion.

Thank you for your understanding with these new policy procedure changes.

I understand and agree to the above information.
